## ARMISTICE DAY OBSERVANCE OUTLINED

State Guard Units Will March But Company D Is Unable To Take Part

The preliminary schedule of the community observance of Armistice Day, Tuesday, November 11th, in El Dorado County, was announced Tuesday by Duncan Bathurst, chairman of the committee in charge for El Dorado Post No. 119, American Legion, under whose auspices the observance is arranged.

In announcing an outline of the day's program, Mr. Bathurst called attention to the annual Armistice dance of the post, an invitational affair planned to be held at the Shakespeare Clubhouse on Monday evening. Bids may be obtained from members of the post.

Mr. Bathurst also revealed that the committee had extended an invitation to Company D, 115th Engineers, the county's National Guard Company, now stationed at Camp San Luis Obispo, to return home and participate in the exercises. However, recent word from the captain is to the effect that the company will be unable to accept the invitation.

Although the committee was disappointed at this word, the promise of a general participation by civic and fraternal groups in the procession of the day gives assurance of a more representative parade than has been held for several years, the chairman noted.

Marching bodies are requested to meet at the War Veterans' Memorial building on Main Street at 9:45 o'clock Tuesday morning, to form in marching order prepared to step off at ten o'clock, promptly.

T. S. Marlor, captain of the state guard company, will be the parade marshal and the order of marching has been announced as follows:

Motorcycle police escort followed by the Placerville Grammar School Band, which will be under the direction of Miss Laura Ball and wearing new caps and capes recently obtained by the Parent-Teacher Association of the school.

## P. T. A. Meets On Thursday

"Civic Responsibility" Will Be Subject Of Talk By Judge George Thompson

The meeting of Placerville Parent-Teacher Association for November will be held Thursday afternoon, November 6, at 3 o'clock at the grammar school, and the executive board meeting will be held half an hour earlier.

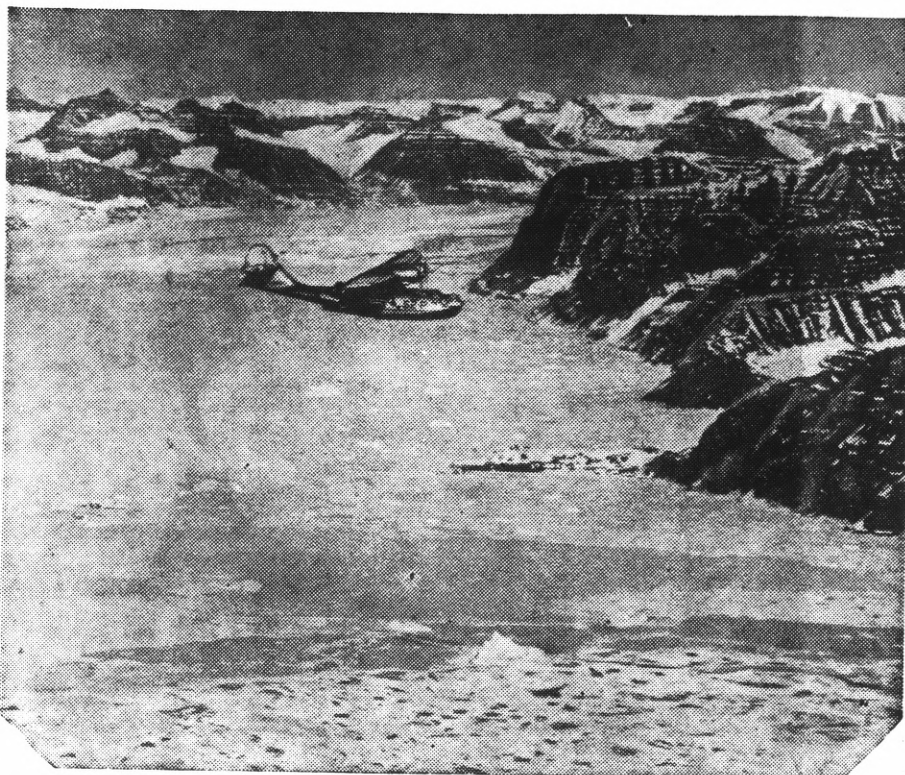

Guest speaker for the meeting is Judge George H. Thompson, of the Superior Court, and his assigned subject is "Civic Responsibility." The seventh grade pupils of Miss Helen Hardy will supply the mother-entertainment features and the social hour will be directed by the mothers of seventh grade pupils.

According to Mrs. Justine Faugsted, president, recent work of the organization includes providing new uniform caps and capes for the school band, which will be shown publicly for the first time when the band participates in the Armistice Day parade.

The Parent-Teacher Association is especially pleased with the new arrangements for providing hot lunches for the children of the school. These are available at a cost of ten cents per plate with milk or dessert five cents additional.

The hot lunch program this year is a "going concern" and standing on its own feet with P. T. A. support and the arrangement and the results of the arrangement are said to be more satisfactory than formerly.

## FIRST AID TO OPEN TONIGHT

District Attorney Lauds Red Cross Course As Aid In Civilian Defense Plan

Under the auspices of the county Red Cross Chapter, a new class in first aid training opens tonight at 7:30 o'clock at the Superior Court Room in the courthouse and enrollment is open to anyone who is interested.

District Attorney Henry S. Lyon, in commending general enrollment in first aid study, declared Wednesday that the first aid activity of the national defense plan is based on and encompasses the Red Cross first aid program.

"If the occasion ever arises for the use of first aid in civilian defense," the district attorney said, "the first aid work will be done by men and women throughout the land trained in first aid by the Red Cross and the work will doubtless be under the Red Cross auspices and supervision."

E. W. Zueger, first aid chairman of the county Red Cross chapter and a Red Cross instructor in first aid, who will conduct the course, reports that while the training will be basically the same as that previously given, the national defense program will be reflected in the training given in the course.

Mr. Zueger reports that the general membership of the Soroptimist Club is enrolling in the class and that much interest in plans for the course has been indicated by a large number of individuals.

Enrollment is open to all who are interested and anyone who desires to take the course is urged to be present as the class starts its work, this evening.

## 335 CZECH LEADERS ARE CLAIMED TO HAVE BEEN EXECUTED

LONDON, (UP)—A Czech government spokesman claimed that the Germans have executed 335 Czech leaders in the five weeks since Gestapo leader Reinhard Heydrich undertook a campaign of reprisals to halt Czech passive resistance to co-operation with Germany.

The spokesman claimed the 1066 persons have been sentenced to life imprisonment by the special German courts set up to consider cases of Czechs.

## TIMBER LEAGUE

Calders, leading the loop, must fight off a challenge by the second place Rainiers tonight, while Standard, unsurpassed, meets an aerial attack by the Flying A. Sixth place Beacons (let the lower lights be burning) have a ring-tail with third place Placerville Lumber.

## PONY EXPRESS LEAGUE

The Gene Morrisons took three from the Round Tent and had the best score in two games from scratch and out-bowled the Round Tenters in total pins. This was despite Bob Vivian's 547 series, which was high for the night. The score:

## NAVY BUILDING ACCELERATED

More Men Needed As Ship Construction Program Steps Up

An announcement, made public recently by the United States Navy Department, that construction has been started on six 27,000-ton super cruisers, indicates that work on our new "Two-Ocean" Navy has been further accelerated.

This latest statement concerning Naval shipbuilding brings the total number of new ships ordered since January 1, 1941 to 2,831—with 968 of these ships already under construction.

Production line methods are being used wherever possible and a pronounced speed-up has been accomplished by the institution of a 48-hour week and a three-shift 24-hour day.

This expert planning and new speed in construction of our ships from 45,000-ton dreadnaughts to the small torpedo boats opens the way for the Navy to accept new qualified men for training at the rate of 12,000 to 15,000 a month. These men, enlisting in either the regular Navy or the Naval Reserve, will be sent to one of the four Naval training stations and may have a chance to go to a Navy trade school even before assignment to the fleet. During this period they will receive the regular Navy pay and the free Navy schooling is valued at hundreds of dollars.

Every new ship in our Navy will require not only hundreds of additional sailors but many more Navy men will be needed to work in Navy dry docks, machine shops, ordnance depots and other shore posts to keep the new ships in action.

"Never in the history of the United States has there been greater opportunity for loyal young Americans to serve their country and to build their futures than right now," Secretary of the Navy Knox recently said.

At the suggestion of Secretary of Navy Knox, C. E. Barker has been made Navy Editor of this newspaper to help the Navy in giving ambitious young men information about the opportunities the "Two-Ocean" Navy offers for technical training and advancement.

In outlining the many advantages offered by Naval enlistment, Mr. Barker said, "It is possible for a bright young man to increase his pay seven times during his first enlistment and he can earn as much as \$126 a month. This monthly fig-

## CLEMENCY FOR TROCHE WILL BE OPPOSED

Principal In 13-Year Old Slaying Reiterates Story Of Intent To Kill Self

Joe Troche, convicted of first degree murder in the death near the county boundary west of Clarksburg thirteen years ago of his sweetheart, May Lorenzo, on Tuesday made application of Governor Olson for executive clemency.

Advised of Troche's action, District Attorney Henry S. Lyon declared that Troche is as guilty now as he was then, that he was saved from the gallows by executive action, and that he is unalterably opposed to Troche's application.

Troche, now 36 and held at San Quentin prison, reiterated in his application for clemency the defense contention that at the time the girl was killed, she was driving the car and he sought to kill himself, the bullet passing through his head in such a manner that it struck the girl in her jugular vein and she bled to death.

The prosecution was unable to present more than one spent bullet found at the scene of the crime, but despite this, Troche was found guilty of first degree murder and was sentenced to be hanged.

Governor C. C. Young commuted the sentence to life imprisonment without parole.

Troche, contending that the findings in the case were such to justify a verdict of involuntary manslaughter as a maximum crime, has applied for an additional commutation of the order of Governor Young which would enable him to apply for parole.

## Juniors Boost For Roll Call

Diamond Springs School 100 Per Cent Enrolled For New Year

The Junior Red Cross will keep pace with the parent organization in the 1941 Red Cross Roll Call, opening on Armistice Day, and all ready Diamond Springs School has enrolled one hundred per cent for the new year.

This is according to Mrs. Frances Hancock, county chairman for the Junior Red Cross, who states a special effort is being made to obtain a one hundred per cent enrollment of all schools.

Mrs. Hancock is being assisted in the Roll Call for the Junior Red Cross by Miss Laura Ball, of Placerville Grammar school; Clarence Kemp Van Ee, of El Dorado school; Mrs. Dorothy Kemp Van Ee, of Pleasant Valley school; Miss Reba Sinclair, of Summit school; Miss Victorine Hough, of Georgetown school; Miss Eloise Dunlap, of Green Valley school; and Mrs. Grace Denman, of Camino school.

## Six-Ounce Egg Is Rescue Product

Louis Wunschel, of the Rescue district, called at our office this week with "something to crow about."

One of Mr. Wunschel's flock of chickens must have been reading in the paper about a large egg produced in the flock at the Shepard Ranch at Fruit Ridge.

At least, there is room for that supposition; for what did one of Mr. Wunschel's seven-month old pullets do but lay a real egg?

It is almost a globe in shape, but it does have a slight tendency to be elliptical, and "the small way around" it measures eight inches.

Weight: Six and one-eighth ounces.

## NEW DRIVE ON MOSCOW BEGUN

Tokyo Sends Emissary To Washington On Pacific Relations

By JOE ALEX MORRIS  
U. P. Foreign News Editor

A Japanese emissary speeded toward Washington today for last-minute negotiations designed to prevent the world conflict from spilling over into the Pacific area.

Disclosure that Saburo Kurusu was en route by ship and clipper to determine whether "further conversations would be useful" in preventing a Japanese clash with the United States came as the German armies were reported throwing all reserves into another attack on Moscow.

Dispatches from Kuibyshev said the third and greatest onslaught of the offensive which Hitler aimed at the Soviet capital more than a month ago was in progress on the Kalinin, Mzhaisk and Tula sectors, designed to put German troops in Moscow's famous Red Square on the November 7 anniversary of the Bolshevik revolution.

Some Nazi reports said that the German spearheads were within about 30 miles of Moscow but Russian dispatches indicated that so far there had been no important breakthrough.

The approach to about 30 miles from Moscow, as reported by Berlin, was comparable to Nazi claims 10 days ago that their advance units were approximately 37½ miles from the Russian capital.

Progress at the rate of 7½ miles in 10 days appeared to check with Russian and British reports of strong Soviet counter-attacks, in which air-borne reserves were used, on the main Moscow sectors. The Soviet spokesman said that fierce fighting continued but "the Germans are not advancing anywhere."

Until the hour that Kurusu's trip was announced the Tokyo news—

## RAINBOW GIRLS TO HOLD PUBLIC PATRIOTIC PROGRAM SATURDAY

Placerville Assembly, Order of the Rainbow for Girls, will hold a patriotic service in connection with their meeting Saturday evening, November 8, at Masonic temple.

The meeting will be called at eight o'clock.

The assembly, as a recent meeting, initiated Lola Schroth, June Derby, Helen Noyes, Dorothy Van Alstine, Lorraine Cullers, Norma Lee Cheek and Carol Romberg.

Members of the assembly are also calling attention to a "Penny Arcade" to be held Friday evening, November 7th to assist in the project to raise funds in support of social service work among El Dorado County men in Army camps.

Public attendance and participation is invited.

W. W. Jennings was a caller in the county seat from Garden Valley on Wednesday.

## BOMBER PILOT FOUND DEAD IN WRECK

Strain Of Crashing Tools May Have Caused Break-Up In Tail, Official Reports

Members of the rescue party who found the body of Lieut. Walker in the cockpit included, according to Coroner Orelli, Gordon Davenport, Rex Gas-kin, John Sullivan, Harold Phelps and Ernest Lowell, of the Forest Service crew, and Corporal Isom of the bomber crew.

Coroner A. J. Orelli announced Wednesday morning that a formal inquest will be held Saturday morning at ten o'clock at the courthouse in the matter of the death of Lieut. L. M. H. Walker, of the Army Air Corps, whose eight companions parachuted to safety when their plane broke up Sunday about 12,000 feet above sea level in the Teils Peak district above Georgetown.

The lieutenant's body was found by Forest Service searchers late Tuesday afternoon in the cockpit of the plane. It was taken out Tuesday evening by the rescue party, which carried it a mile to a point where it was placed in a light truck and transported about two miles to a point where a mud-hole made it impractical to take the coroner's ambulance nearer the scene.

The coroner reached Placerville about 2 o'clock Wednesday morning and gave the body to the care of the Klumpp mortuary, of Sacramento, whose agents met the coroner here.

Coroner Orelli said he was informed that the body was found in the control compartment of the cockpit, in such a position that it might be assumed the pilot had attempted to get out.

The coroner said that the body bore numerous fractures.

It was understood that the Army had opened an inquiry to attempt to learn the cause of the breaking up of the ship and that Army trucks were enroute to the Teils Peak district Wednesday, presumably to take such of the wreckage as could be gathered up to the Sacramento Army Air Base for examination.

In scheduling a formal inquest into the matter for Saturday morning—

## Pheasant Hunt Outlook Good

El Dorado County Has No Open Season; 10-Day Shooting In Some Areas

SAN FRANCISCO (UP)—The State Division of Fish and Game said today prospects appeared good for the 10 day pheasant shooting season running from Nov. 15 to Nov. 25 inclusive.

Wardens informed the division the pheasant crop was definitely on the increase and was especially plentiful in Sonoma, Alameda, Inyo and western Sacramento counties. In Tulare and Honey Valley the pheasants also were reported abundant.

Only male pheasants may be taken. The limit is two a day, two in possession, and eight for the season.

By special order, the commission has closed Alpine, Amador Calaveras, El Dorado, Marin, Mariposa, Nevada, Plumas, San Benito, San Diego, San Luis Obispo, San Mateo, Trinity and Tuolumne counties to pheasant hunting, and has limited the hunting areas in Mendocino, Siskiyou and Modoc counties.

NOTE—For out of county subscriptions add \$1.00 to the Year, 50c to the six months; 25c to three months; 10c to one month.  
All subscriptions are continued until orders are received direct at this office to stop delivery. Arreages must be paid in every case.

# JOHN L. LEWIS ACTION IN CLOSING COAL MINES CONDEMNED IN STATEMENT BY SENATOR HARRY F. BYRD

WASHINGTON—The importance of continuing production in national defense and the extent to which strikes in defense industries are delaying the rearmament program are stressed in a recent statement by Senator Harry F. Byrd, of Virginia, as follows:

"I know of no more disgraceful or humiliating episode in American history than John L. Lewis' action closing the coal mines, essential to the operation of the steel plants, all with vital defense contracts. The letter from the President to Mr. Lewis is couched in such polite and diplomatic language as to be almost subject in presenting his plea to Mr. Lewis to keep the mines open.

"Twenty-four hours after the request, the mines were still closed, and the President apparently had not received the courtesy of reply. John Lewis knows the power of force and despises weakness. Perhaps Lewis would have responded more quickly to a demand in stronger, more emphatic and direct language.

"I have repeatedly said on the floor of the Senate that John Lewis considers himself stronger and bigger than the Government of the United States.

"During the process of the coal strike in April, I stated in the Senate that the April strike placed the country, in the future, at the mercy of John Lewis. Coal reserves have been depleted and subsequent events have sustained by April statements. Thirty million tons of coal production were lost in this strike, and it was not certified to the National Defense Mediation Board by Miss Perkins, Secretary of Labor, until nearly four weeks after its beginning.

"So now it is in the power of Mr. Lewis to close up as tight as a drum every coal-dependent defense industry in America.

"Even upon withdrawal of this action by Mr. Lewis, it still represents the culmination of strike after strike, delay after delay, that have sabotaged our defense efforts for many months. From January 1, until now, more than 7 million man-days have been lost in defense strikes alone, and these man-days lost are equivalent to the time required to build more than 1,000 4-engine heavy bombers, which could have been sent to England to bomb Hitler when he was engaged in Russia. Instead, only about 40 have been sent. But the actual man-days lost do not tell the whole story, as the confusion and disorganization incident to strikes and threatened strikes reduce appreciably the production capacity of those plants where strikes have existed or have been threatened.

"We must recognize now that for the government to take charge of the plants is not a solution of the strike problem as this does not prevent the constant recurrence of other strikes. Today, from information sent me by the Army and Navy, 48 defense strikes are in existence, and this number or more have continued for many months. The afternoon papers report that the giant Navy Yards in Brooklyn are closed and that the Ship Yards in the Los Angeles area have been ordered to stop work.

"I introduced legislation in the Senate declaring strikes in defense industries to be contrary to public policy and as deserving of the condemnation of Congress. This resolution was adopted by the Senate, after a long and heated debate, by a vote of 46 to 25. Not receiving the support of the Administration, it was allowed to die in the House. In this emergency, with greater and greater powers being vested in the Executive, it must be obvious to all that constructive legislation to stop, and stop quickly, strikes in defense industries can only be achieved with the approval and support of the President.

"The longer forceful action is delayed, the greater will be our failure to prepare ourselves and to send implements of war to England, when every hour, and in fact every minute, counts.

"The present National Defense Mediation Board, established by executive order, by the very terms of its power, cannot be effective. It can neither begin nor conclude. It cannot even investigate a strike unless Miss Perkins, the Secretary of Labor, gives it permission, nor can it enforce its decisions after a verdict has been rendered.

"No agency can be effective without the power in the original instance and without the power to make operative its decisions. The Secretary of Labor, Miss Perkins, remains in the face of her proven incompetence and a nation-wide demand for her removal.

"If we cannot meet at home the challenges to our defense effort, this, in itself, demonstrates our incapacity to solve the problems of foreign nations. We have menaces at home today as great or greater than those abroad, and these home menaces must be dealt with before we can hope to cope with the others.

"Today the United States Senate is debating legislation which, in my sincere judgment, if and when enacted by the Congress under existing conditions will ultimately make

a total and unlimited offensive shooting war on the part of the U. S. as inevitable as any human prediction can be today—a war that almost certainly will involve America on both the Atlantic and the Pacific oceans, and ultimately will mean sending millions of American boys in expedition forces to fight on foreign soils.

"As a supporter, up to this date, of the President's foreign policies, I serve notice now that I do not intend to consider voting one step closer to war, except in our own defense, so long as sound and constructive measures are not adopted stopping at once all defense industry strikes and removing barriers of incompetency and inefficiency now permeating the defense program."

## SHINGLE SPRINGS NEWS

The long looked for rain still continues at this writing and everyone was glad to see it come as it will do a great deal of good toward starting the feed.

Many friends and schoolmates of John Meder attended the funeral held at Memory Chapel on Sunday. Friends came from Oakland, San Francisco and Sacramento. There were many beautiful floral pieces. Mr. Meder has been confined to his sick bed for several months and has been cared for at the home of his sister, Mary Barrett. Everything had been done for his comfort by his sisters and relatives. He will be missed by all who knew him. His friends wish to extend to his loved ones their most sincere sympathy.

Mrs. Frank Hunt of Brownsville and daughter, Evelyn, spent the weekend at the home of Mrs. J. L. Miller.

All who attended the card party held in Placerville Friday evening report a good time. A short program was enjoyed at the school on Friday afternoon and all that were in costumes did very well and all deserve a lot of praise for their parts taken and manner in which their talent was displayed. Those that were there to see it enjoyed each and every one—after which refreshments were served.

## Armistice Day Plan Sketched

(Continued from Page One)

The massed colors will be next in line, followed by the 18th Provisional Company, California State Guard, and El Dorado County Wing of the Second Observation Squadron of the State Guard Air Corps, the latter under the command of Lieut. C. W. Pearson. Next in order will be the American Legion and the American Legion Auxiliary, the United Spanish War Veterans and their auxiliary, the Veterans of Foreign Wars and their auxiliary followed by the El Dorado County High School band, directed by Charles W. Ball.

Placerville Parlor No. 9, N. S. G. W., is assigned to lead the civic and fraternal division of the parade followed by Marguerite Parlor of Native Daughters, the Eagles and their Auxiliary, the Lions Club, the Odd Fellows lodges and Rebekah lodges, California Grove of Druids and the Druid Circle and the Foresters of America, Girl Scouts, Boy Scouts, Grammar School children, High School pupils, the Red Cross and the Sons of the American Legion.

Following will be Gold Star Mothers and mothers of World War Veterans, in cars, and the Placerville Volunteer Fire Department.

All members of the armed forces of the United States who may be in the community on Armistice Day are invited to meet at the courthouse at 9:30 o'clock in the morning and for ranks with the State Guard Company.

The procession will march down Main Street and counter march at Canal Street, returning to the auto parking lot opposite the bell tower where the exercises will take place.

The program is as follows: "The Star Spangled Banner" by the band; Invocation, Rev. Father Kenny; vocal solo, Mrs. A. V. Smithson, with accompaniment by Mrs. M. E. Wright; remarks, C. A. Barker, commander of El Dorado Post No. 119, American Legion, chairman of the day; Roll Call, Frank Gualco, Post Adjutant; A period of reverent silence will follow as the bell in the bell tower tolls the hour of eleven o'clock, commemorating the signing of the Armistice on the eleventh hour of the eleventh day of the eleventh month of 1918; Charles E. Hand will toll the bell, as he has every year since the first Armistice Day; selections by the male chorus of the Shakespeare Club; Introduction of the speaker of the day, Capt. Wm. H. Volles; song, "America," by the audience, with band accompaniment; "Pledge of Allegiance," all; Benediction, Rev. J. R. Rudkin.

## NAVY BUILDING ACCELERATED

(Continued from Page One)

ure is actually worth much more when it is remembered that the man has few living expenses and is provided with the finest of medical and dental care.

"You have all your food and lodging, and also your original clothing outfit is provided by Uncle Sam free," Mr. Barker continued. "In addition, there are free sports and entertainment. On top of this, you get free travel and adventure in colorful places—a thing few civilians can afford.

"When you consider the size of this country and the fact that the Navy will select only 12,000 applicants a month from many times that number throughout the United States, the quotation 'Many are called, but few are chosen' will apply to local men interested.

"As Navy men are a 'hand-picked' lot, candidates must be men of more than average intelligence and ambition, of fine moral character and must have the written recommendation of at least two local townspeople."

As Navy Editor, Mr. Barker has just received from Washington a supply of free illustrated booklets for all men interested and, in addition, will welcome inquiries from young men who wish to look into the new and greater opportunities the Navy and the Naval Reserve now offer for training for later civilian careers as they serve their country now in its emergency.

## Wants U. S. in War

Shown telephoning from his office in London, Russell Birwell is conducting a one-man campaign for an American declaration of war against Germany. He attracted nationwide attention in America recently with a full-page advertisement in a magazine captioned "What the hell can we get out of this war!"

Mrs. Mary Lasswell, Mrs. George Safranck and Mrs. Abeona Simas were among those in the county seat on Wednesday from the La-trobe section.

Fred Wessels, of the Rescue district, was called Tuesday in Placerville.

## NEW DRIVE ON MOSCOW BEGUN

(Continued from Page One)

papers were taking an increasingly hostile tone toward Washington and declaring that Japan and the United States were "teetering" on the brink of war. Immediately after the announcement a much calmer attitude was adopted, apparently in response to a foreign office request to avoid hostile comment pending the outcome of the envoy's trip.

Kurusu, who formerly was ambassador at Berlin, is regarded as a moderate and a skillful negotiator. His wife is an American.

The Tokyo Times and Advertiser, which often speaks for the foreign office, emphasized its belief that the United States and Britain did not want to become involved in a war with Japan while all of their energies were needed in the Atlantic and European struggle.

The fact that Secretary of State Cordell Hull, in a telephone conversation with the American embassy in Tokyo, arranged to delay the clipper until Kurusu could reach Hong-kong was regarded as encouraging this belief. The Japanese Domei news agency described Kurusu's trip as a "last effort" to adjust relations with the United States.

## ARTHUR WATKINS RELEASED UNDER ARMY SERVICE EXTENSION ACT

CAMP SAN LUIS OBISPO (Special)—The following named enlisted man was released Monday from active military service, in conformity with the Service Extension Act of 1941, it was announced at Headquarters of the 40th Infantry Division:

Private First Class Arthur E. Watkins, 40th Military Police Company, of 311 Washington Street, Placerville.

The soldier has received his "Certificate of Service" for having honorably served in active Federal Service in the Army of the United States, and reverts in grade and specialist rating to the National Guard under state status and control.

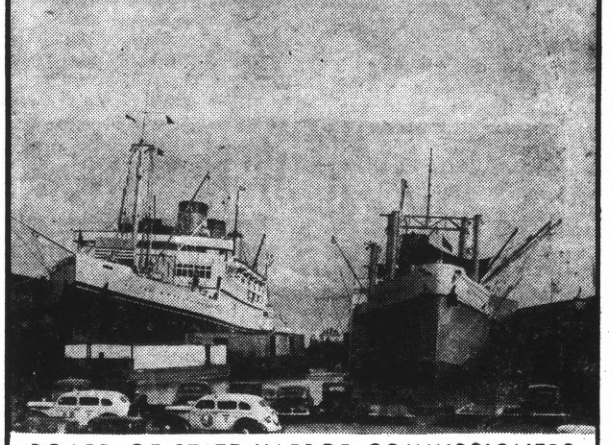

Only a few days are required for final processing of release papers, and the soldier, who has undergone vigorous basic and unit training, will be free to return to civil life.

Mrs. E. Reed, who has been confined to her home by illness the past few days, is able to be out and about again.

Carl Visman, of Fruit Ridge, was attending to business in Placerville on Wednesday morning.

# "Imagine me, steering a Destroyer!"

**"And I've had two pay raises in only eight months! I'll say you can't beat Uncle Sam's Navy!"**

**YOU** couldn't ask for a greater thrill than that which a fellow gets when he comes back home wearing a trim Navy uniform. The folks crowd around. They all want to know where you've been, what you've done. And man, do you have stories to tell!

### GREATEST LIFE IN THE WORLD

You're proud. And you should be. For you've been leading the greatest life in the world. And it's a thrill to tell about it, too. A thrill to see the admiration in the eyes of the One and Only Girl as you tell about the first time you steered a Destroyer. Or handled a P.T. Boat at more than 45 miles per hour. Or stepped out in front of your shipmates to receive your first promotion.

And with that promotion came an increase in pay. And there were more to come. Second Class. First Class. And then Chief Petty Officer. Many might even go to Annapolis. Or to Pensacola with the flying cadets!

Exciting? You bet, and fun too. Something doing all the time. Real he-man's stuff. Boxing. Baseball. Football. Swimming. AND MOVIES... previews, too!

### LOOK WHAT THE U. S. NAVY AND NAVAL RESERVE OFFER YOU

**FREE TRAINING** worth \$1500. Nearly 50 trades and vocations to choose from.

**GOOD PAY** with regular increases. You may earn up to \$126 a month.

**EACH YEAR** you are entitled to a generous vacation period, with full pay.

**GOOD FOOD** and plenty of it.

**FREE CLOTHING.** A complete outfit of clothing when you first enlist. (Over \$100 worth.)

**FREE MEDICAL CARE,** including regular dental attention.

**FINEST SPORTS** and entertainment any man could ask for.

**TRAVEL, ADVENTURE, THRILLS**—You can't beat the Navy for them!

**BECOME AN OFFICER.** Many can work for an appointment to the Naval Academy or the Annapolis of the Air at Pensacola.

**FUTURE SUCCESS.** It's easy for Navy trained men to get good-paying jobs in civil life.

**LIBERAL RETIREMENT-PAY** for regular Navy men.

### FREE TRAINING WORTH \$1500

And all this time you're taking care of your future! The Navy said, "Pick a trade—we can make you an expert." And they gave you nearly 50 skilled trades and vocations to choose from: Radio expert, machinist, welder, aviation mechanic, dental technician, electrician—to mention a few.

Yes, training that would be worth \$1500 to you in one year's time. Training that will assure you of a well-paid job in civil life. Yet you get paid while learning—get your keep and a complete outfit of clothing free.

Where else in the world are there such opportunities for thrill, for fun, for a future as in Uncle Sam's Navy?
